Subject: Clearance to the project proposals of Himachal Pradesh under PMGSY-I (Batch-II, 2016-17)

Sir,

I am directed to refer to the project proposals submitted by the State of Himachal Pradesh under PMGSY-I (Batch-II, 2016-17) considered in Empowered Committee meeting held on 13th January, 2017. On the basis of the recommendations of the Committee and the compliance report submitted by the State, the Ministry hereby accords clearance for the proposals considered by the Committee for the State of Himachal Pradesh under PMGSY-I (Batch-II, 2016-17) as per the details given below:

Items	Stage - I	Complete	Stage - II	Up-gradation	Bridges	Total
Value in Rs Crore	129.51	163.73	594.95	145.22	26.65	1060.06

Average cost (Rs. in Lakhs/Km)	69.22	66.41	53.14	49.36	3.82/m	
Habitations	500+ : 10 Nos 250+: 96 Nos 250+ Clusters : 7 Nos			-	-	500+ : 10 250+: 96 250+ Clusters : 7 Nos
MORD Share : Rs. 952.66 Crores State Share: Rs. 107.40 Crores						

2. The above sanction is accorded subject to the condition that the following activities should be completed by the State, before tendering:

- i. One road which has been shifted from the present Batch-II to Batch-III was sanctioned for Stage I in the year 2006-07. However, this was again proposed for complete construction in the current batch with a different nomenclature and link number. This issue was

identified by NRRDA during sample scrutiny. The State must verify that there is no other similar case in remaining roads. If any other case is found appropriate action should be initiated against the concerned.

- ii. State must ensure that the payment to roads where the Stabilized sub bases or bases provided is made only after verification of target UCS strength achieved after 7 days of stabilized layer based on cores taken from the pavement as per MoRD specifications.
 - iii. State must propose balance length of 34.39 Kms using new materials /IRC Accredited materials in the next batch of proposals to fill this gap.
 - iv. State must ensure that the payment to Cement Concrete roads is made only after verification of target strength achieved after 28 days based on cores taken from the pavement as per MoRD specifications.
 - v. 15 sample DPRs, where the higher average cost was reported during EC meeting and 2 New Technology DPRs received from the State have been scrutinised at NRRDA and found that the reduction in cost of about 18% from the Original DPR. Such high reduction in cost of sample DPRs indicates that appropriate efforts have not been made by PIUs in preparation of DPRs and their scrutiny. State Government need to initiate appropriate actions against the concerned for submitting such inflated DPRs.
3. The OMMAS based road-list along with District-wise abstract is enclosed.
 4. This issues with the approval of Competent Authority.

Yours faithfully,

(Surabhi Rai)
Deputy Secretary (RC)
